PROFILE

A detail-oriented Information and Communication Technology graduate specializing in multimedia production and digital operations. Offering a unique blend of graphic design expertise, video production skill, and administrative support experience. Adept at delivering polished creative assets and reliable technical systems within fast-paced academic and community environments.

EDUCATION

IETI College of Science and Technology San Pedro City, Laguna, PH
2024-2026
Graduate in Information and Communication Technology | Grade 11: With Honors | Grade 12: With High Honors

WORK EXPERIENCE

JX Creative Studio San Pedro City, Laguna
Founder & Lead Digital Creator 2025 - Present

- Visual Branding & Design:** Conceptualize and produce high-impact branding, layout, and post-production assets for academic and community clients.
- Video Editing & Production:** Deliver polished multimedia content using Adobe Premiere Pro and CapCut, with close attention to sequence pacing and visual storytelling.
- Livestream Engineering:** Configure OBS Studio and Streamlabs setups, custom streaming overlays, and multi-channel audio routing for live broadcasts.

Motorcentral Laguna, Philippines
Work Immersion Intern - General Service Section May 15, 2025 - June 3, 2025

- Administrative Operations:** Collaborated with administrative staff to streamline daily workplace operations and asset coordination.
- Data & Record Management:** Supported document filing and database logging, reducing document retrieval times.
- Professional Development:** Developed strong professional communication and administrative skills within a fast-paced corporate environment.

SELECTED PROJECTS & PRODUCTIONS

- Mr. & Mrs. Senior Candidate Campaign:** Engineered a comprehensive visual identity, candidate lineups, and fast-turnaround print graphics.
- Tournament Live Tech Support:** Implemented zero-surprise OBS configurations, custom streaming overlays, and multi-channel audio routing.
- Division Newspaper Layout Design:** Authored award-winning editorial spreads utilizing grid hierarchies and advanced typography in InDesign, placing 6th in Newspaper Layout at the Division Schools Press Conference 2025.

- **Research Project Leadership:** Directed the development of a horror-themed roleplay game to reinforce learning among senior high school students, and placed 4th in Online Web Publishing at the Division Schools Press Conference 2025.
